

# COLT 1911

Ken Brook *July 18-22, 2022*

**PREREQUISITE:** Successful completion of the Handguns section of the course.

The DF&R Colt 1911 Course consists of approximately 15 hours of lecture and 25 hours of bench time. This course covers all phases of repair of the Colt type 1911, in 45 ACP calibers. We will not be covering any "custom" work but will be showing function and reliability of the gun, trigger job included. The gun should function with 100% reliability when finished and have a crisp trigger let-off with no hammer follow down.

**REQUIRED FIREARMS:**

Suitable 1911 (Of course)

**REQUIRED TOOLS:**

Basic Tool Kit

**ADDITIONAL TOOLS NEEDED:**

Stones

Dial Caliper

Lubricant

6" or longer Mill or Mill Bastard (*SHARP!*)
